

A WARREN RUPP, INC. BRAND

800 North Main Street Mansfield, Ohio

SUBJECT: NACE MR0175

DATE: JULY 21, 2022

To whom it may concern:

SandPiper metallic pumps equipped with any combination of Aluminum, Stainless Steel or Hastelloy castings, comply with the requirements set forth in NACE MR0175/ISO15156-1 Petroleum and Natural Gas industries – Material for use in H₂S-containing environments in oil and gas production. Cast Iron is not compliant, and all non-metallic components are outside the scope of the standard.

Regards,

A handwritten signature in black ink, appearing to read "Dennis Hall". The signature is fluid and cursive.
